

‘Grass Roots’ 3 Bursary Application Form

All fields must be completed for the application to be processed. *Note this is a fictitious application – none of the details are real!*

Applicant details:

Title: Mr	Full name of applicant: Tony Mel Ferguson		
Place of study or employment: King’s College London, UK.		Contact address: 150 Stamford Street King’s College London. Postcode: SE1 9NH	
Contact telephone number: 07793123456		Email address (at place of study or employment): Tony.m.ferguson@kcl.ac.uk	
Official dates of study		Classification of applicant’s research programme (DPhil/PhD/Post-doctoral applicants only): PhD	
From: 2016	To: 2020		
Title of research programme or thesis: Development of novel stationary phases for retention of high polarity molecules under RPLC conditions			
Applicant’s justification for bursary funding (not more than 300 words): I am currently in the second year of my four-year PhD course at Kings College London. I believe I would benefit greatly from attending this event - particularly with the emphasis on method development and how this knowledge may be applied practically in the laboratory. The scope of the lectures will provide me with a greater understanding of many of the underlying principles of LC and coupled with the hands-on in-silico modelling experience, I feel this is a golden opportunity to expand my knowledge of LC theory. It will also be very beneficial to understand latest practices in undertaking small molecule method development which I will be able to apply to my doctoral research. I have a number of methods I will need to develop over the next 12 months and the experience from this course will be invaluable. Colleagues from KCL have informed that the Grass Roots 1 and 2 courses were highly beneficial to their research and I feel it will be highly beneficial to my work too.			

Academic supervisor details (DPhil/PhD/Post-doctoral applicants only):

Title: Prof	Name of supervisor: John Szucs		
Contact telephone number: 0776123456		Contact address (if different from above): As above	

Email address: john.szucs@kcl.ac.uk	Postcode:
---	------------------

Important note - The application form must be either accompanied by a letter of support from the applicant's academic supervisor (for PhD/D.Phil applications only) or sent by email to paul.ferguson@chromsoc.com within *two weeks* of the application. Applications for bursaries will not be accepted without this documentation.

Bursary funding level applied for

Bursary type	Bursary value	Applicable to	Please tick which bursary applied for
Full (vendor sponsored)	£550	PhD students	YES
Partial (ChromSoc bursary)	£400	PhD students	YES
Partial (PASG)	£250	Industrial chromatographers in SME's, university lecturers or post-doctoral researchers	
Please note - We have only a limited number of vendor sponsored bursaries. If these are no longer available and a lower value bursary would still be welcomed by the applicant, please tick this box to indicate that supplementary funding is available from alternative sources to attend this event.			YES

✓ **I agree to the conditions regarding bursary provision as noted in the 'Grass Roots 3 bursary application form guidance notes' document (please tick if you agree).**

Applicant bank details

Required to pay bursary monies into if application is successful

Bank Details	Sort Code: 123456	Account No: 12345678
Account holders name	Mr Tony Ferguson	
Name and address of bank	Name: Barclays Waterloo branch Address: c/o Barclays, Leicester, LE11 3NX	

For Chromatographic Society internal use only

Letter of recommendation received? Yes/No

Date:

Application agreed? Yes/No

If 'no' – reason for rejection:

Reference number: GR3B
